RELEASE OF INFORMATION

In compliance with the Family Educational Rights and Privacy Act of 1974, this information is released on the condition that the recipient "will not permit any other party to have access to such information without the written consent of the student."

OFFICIAL DOCUMENT

An electronic signature and certification appears before you open the PDF transcript, and also on the first page of the transcript. The Statement of Authenticity bears the name of the University Registrar.

ACCREDITATION

The Pennsylvania State University, whose prime purpose is to serve the people and the interests of the Commonwealth and the Nation, is accredited by the Middle States Association and is a member of the Association of American Universities.

CREDITS AND HOURS

Credits are awarded on the semester-hour basis. According to Faculty Senate Policy 42-23, a total of at least forty hours of work planned and arranged by the University faculty is required for the average student to gain one credit. While the distribution of time varies from course to course, generally one-third of the time is devoted to formal instruction, such as lecture, recitation, laboratory, field trips, etc., and two-thirds of the time to outside preparation.

COURSE-NUMBERING SYSTEM

UNDERGRADUATE COURSES (1 to 399); General courses accepted in fulfillment of requirements for the baccalaureate or associate degree.

ADVANCED UNDERGRADUATE COURSES (400 to 499); Courses open to graduate students, juniors, seniors, and with the special written permission of the head of the department or chairperson of the program sponsoring the course, to qualified sophomores and first-year students. 400 level course work appearing on a graduate transcript is applied toward the graduate degree.

GRADUATE COURSES (500 to 699 and 800 to 899); Courses restricted to students registered in The Graduate School, seniors with an average of at least 3.50, and other students who have been granted permission to enroll by the dean of The Graduate School. The numbers 600 (on campus) and 610 (off campus) are available for credit in thesis research in all graduate major programs. The numbers 601 and 611 do not denote conventional courses but are used for non-credit special registration for thesis preparation by a Ph.D. candidate. Beginning fall semester 2006, 800 level courses on a graduate transcript are professional graduate level courses.

MEDICAL COLLEGE COURSES (700 to 799); Courses are restricted to students working in the M.D. program.

ASSOCIATE DEGREE COURSES (800 to 899); Prior to spring semester 2003, 800-level courses were general courses accepted in fulfillment of requirements for the associate degree. Credits received for 800-level associate courses may be applicable to a particular baccalaureate degree program at the discretion of the appropriate college and major department.

BASIS FOR GRADES

Grades shall be assigned to individual students on the basis of the instructor's judgment of the student's scholastic achievement using the grading system below.

GRADING SYSTEM

For undergraduate and graduate students, the grades of A, A-, B+, B, B-, C+, C, D, and F indicate a gradation in quality from Excellent to Failure and are assigned the following grade-point equivalents:

UNDERGRADUATE AND GRADUATE

<u>Grade</u>	<u>Grade-Point Equivalent</u>
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
D	1.00
F	0

Graduate average computed on the basis of earned grades in 400-, 500-, 600-, and 800- level courses. D, F are failing grades for graduate students.

Plus and minus values were added to the undergraduate grading system in fall semester 1987, and to The Graduate School system in fall semester 1995. Student is in good standing unless stated otherwise.
